

In honour of Corinne's *Legacy*

1950 - 2011

It is with pride that we celebrate the life of Corinne Holder - a dedicated mother, a caring friend & an inspirational consultant.

While her essence and style radiated peace and calm, Corinne was vibrant and full of energy. Through her contagious laughter and spirited sense of humour, she shared with us her positive passion for life. These were the keys to her success.

A thoughtful and generous person, she cherished knowledge and shared hers readily. She was passionate about people and encouraged others to improve how they lived and worked together. Corinne's workshops were her stage. She was a spontaneous and creative facilitator, who truly came alive and lit up her classroom.

Her legacy lives in the hearts of all she touched and loved. Corinne, you will always be cherished and missed.
